How to Make Your Decision Who is First, Second, Third in the Contest

There are many ways to make your decision regarding first, second, and third place. **There is no single best way.** We **suggest** the following process for your consideration:

- Check carefully the paper number and write down the number on your ballot (to eliminate bias) without their names, affiliation and title.
- Take notes on a separate sheet, carefully cataloging what the poster did well or poorly
- While evaluation is completed, enter the point values for each category on your ballot.
- Do likewise for each poster
